

Oliver Carney

Stone | 07707568899 | oliver@carney.dev | <https://carney.dev>

Highly motivated student eager to pursue a role in the field of technology. Analytical, passionate and dedicated. Holding a strong aptitude in maths, physics and computer science.

Work Experience:

Metrea Mission Data:

- 06/22 | Malvern, UK
- Developed and implemented an advanced 3D map viewer leveraging Cesium technology, to seamlessly showcase real-time location updates.

Iizuka Software:

- 07/24 | Birmingham, UK
- Created a library management system in Java. That allowed for user authentication using cookies and managed the library of books from a database.

Fairway Service Station (Esso):

- 10/23-present | Stone, UK
 - Oversee use of the forecourt, serve customers and replenish stock. This aids my communication, teamwork and adaptability.
-

Education:

- High School: Alleyne's Academy | Stone, UK
 - Attained a level 2 certificate in further maths through active participation in an after-school further maths club.
 - Achieved a silver award in the Senior UK Maths Challenge and bronze II in the British Physics Olympiad.
 - Engaged in a diverse array of activities outside of school, including: jiu-jitsu; canoe/kayak slalom, competing and coaching; rugby, competing and coaching; lifeguarding, to become qualified in the role.
 - **GCSEs:**
 - Maths: 9, Science: 9-9, Business: 8, Geography: 8, Literature: 8, Computer Science: 8, French: 6, RE: 6, Language: 5 (Distinction).
 - **A-Levels:**
 - Predicted Grades: Maths - A*, Physics - A*, Computer Science - A*, Further Maths AS - A
 - Achieved Grades: Business AS - A
-

Skills:

- **Soft Skills:**
 - Communication, Problem Solving, Adaptability, Organisation, Teamwork.
- **Software Skills:**
